My Theories

Paul's theory is that the moon is a great big hole.

What are your theories?

Now add another theory of your own here

What would some of these things feel like if you could touch them?

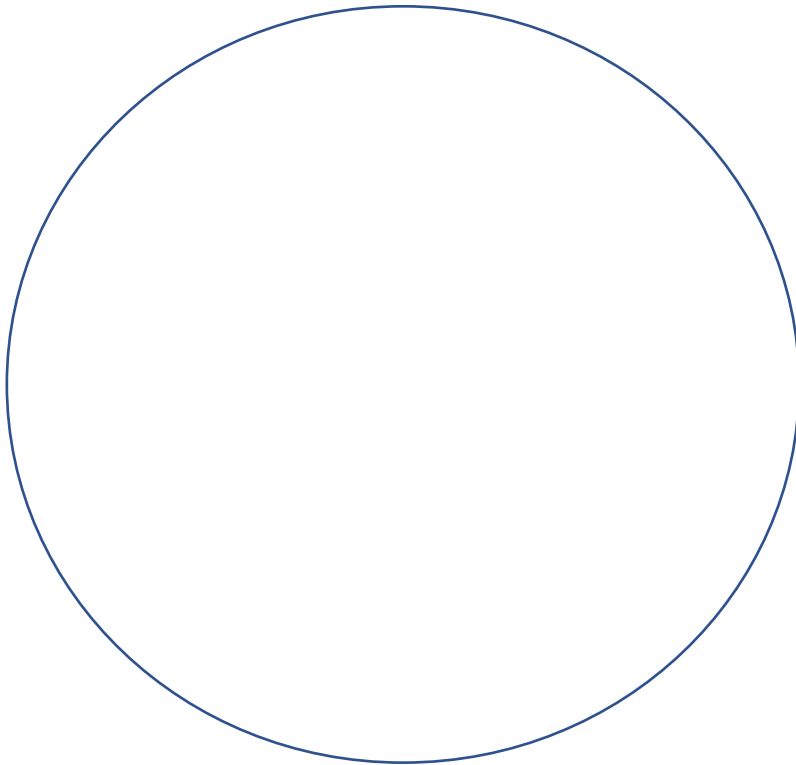

I think a cloud would feel.....

Draw a bird's eye or aerial view

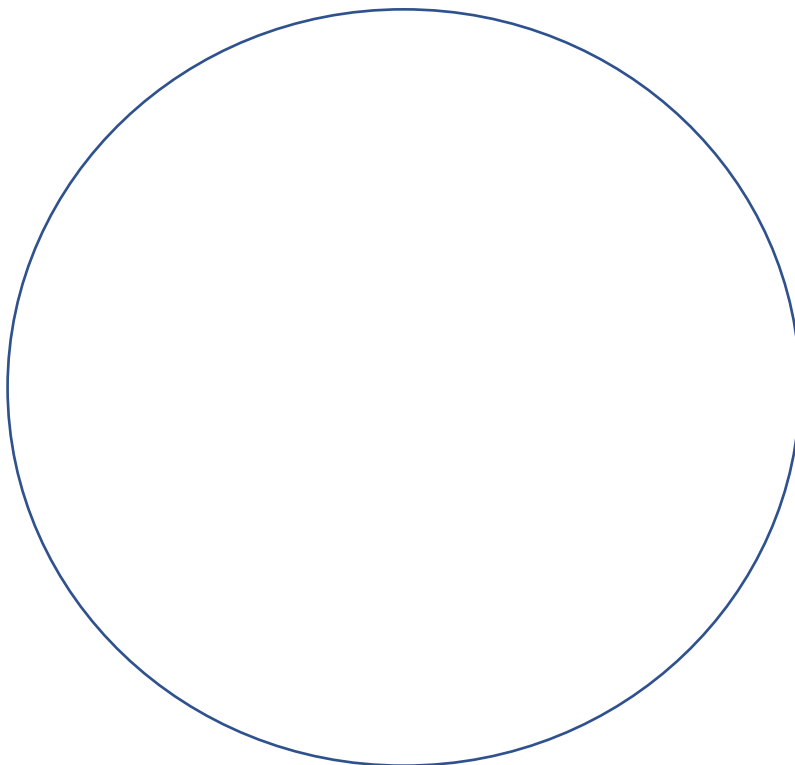

Imagine Paul is looking down from the 29th floor, what can he see? Draw a picture.

Draw sets of flying things which might end up in the moon

*A set of **living** things that fly:*

*A set of **man-made** things that fly:*
